Candidate-submitted response. The answers below were received through the 2026 DFPC Action candidate survey form and are reproduced as submitted, with only formatting changes. Publicly researched positions were not used. Publication does not constitute an endorsement by DFPC Action.

- 1 1. Do you support legislation that protects preborn human life from abortion, including prohibiting taxpayer funding, and rejecting abortion as a right in the Delaware State Constitution? (References: SB 317 (2024); HB 110 (2024); SB 301 (2024); SB 232 (2024); HB 31 (2023); HB 400 (2022); SB 251 (2026); SB 252 (2026))**

RESPONSE Yes

I support protecting preborn human life and believe taxpayers should not be required to fund abortions. I support policies that recognize the value and dignity of human life while ensuring that women and families facing difficult circumstances have access to support, resources, and compassionate care.

- 2 2. Do you support legislation that holds the abortion industry accountable and liable for medical malpractice, negligence in providing informed consent, and removing the safeguards meant to protect women? (References: SB 252 (2026); HB 31 (2021); HB 400 (2022), HB 320 (2022); SB 301 (2024))**

RESPONSE Yes

I support legislation that ensures accountability, transparency, and appropriate safeguards in all areas of healthcare, including abortion providers. Women deserve accurate information, informed consent, and medical care that meets appropriate professional standards.

- 3 3. Do you oppose legalized assisted suicide and attempts to expand it? (References: HB 140 (2024))**

RESPONSE Yes

I oppose the legalization and expansion of assisted suicide. I believe every human life has inherent dignity and value, including those who are elderly, disabled, seriously ill, or facing the end of life. Rather than creating a system that allows assisted suicide, we should focus on expanding access to compassionate end-of-life care, including hospice, pain management, mental health support, and resources that provide comfort and dignity for patients and their families. Protecting vulnerable individuals from feeling pressured or undervalued must remain a priority while ensuring that those facing difficult medical circumstances receive the care and support they need.

- 4 4. Do you support amending the Delaware Constitution to explicitly protect the fundamental right of parents to direct the upbringing, education, and care of their children? (References: HB 319 (2022))**

RESPONSE Yes

I support amending the Delaware Constitution to explicitly recognize the fundamental rights of parents to direct the upbringing, education, and care of their children.
Parents have the primary responsibility and authority to make decisions regarding their children's education, health, and well-being.

5 5. Do you support holding medical providers legally accountable and liable for performing experimental, permanent, or irreversible medical interventions on minors that interrupt and pause puberty, introduce cross sex hormones, and amputate body parts? (References: HB 346 (2024); SB 55 (2025))

RESPONSE Yes

I support protecting minors from irreversible medical interventions and believe there must be appropriate safeguards, accountability, and transparency when decisions involve permanent or life-altering treatments for children.

6 6. Do you support legislation that protects the fundamental rights of children to know and be known by their biological mother and father, prohibits changing a child's sex on their birth certificate, and protects family biological connection between parents and children? (References: SB 250 (2026); HB 375 (2026))

RESPONSE Yes

I support protecting the fundamental rights of children to know and maintain a connection with their biological parents whenever possible. I believe biological relationships are an important part of a child's identity, history, and family connection.

I support policies that prioritize transparency, protect accurate records, and ensure that parents and children have access to important information about their biological relationships.

Decisions involving children should always be guided by their best interests, long-term well-being, and the importance of stable, supportive family relationships.

7 7. Do you oppose policies that embed sexually explicit material and comprehensive sexuality frameworks into school libraries and public school curricula, particularly when they conflict with obscenity laws, parental rights, or religious beliefs? (References: HB 199 (2021); SB 97 (2024); HB 119 (2025); SCR 156 (2026))

RESPONSE Yes

I oppose policies that place sexually explicit materials or age-inappropriate content in public school libraries or curricula, particularly when parents are not provided transparency or meaningful involvement in those decisions.

I oppose policies that place sexually explicit materials or age-inappropriate content in public school libraries or curricula, particularly when parents are not provided transparency or meaningful involvement in those decisions.

8 8. Do you support legislation that preserves sex-based protections in athletics to ensure fairness, safety, and equal opportunity for female athletes? (References: SB 191 (2024); SB 215 (2026))

RESPONSE Yes

I support preserving sex-based protections in athletics to ensure fairness, safety, and equal opportunity for female athletes.

I support thoughtful, transparent policies that uphold equal opportunity while treating all students with dignity and respect.

9 9. Do you support protecting individuals, churches, schools, and faith-based ministries from government penalties when operating according to sincerely held religious beliefs regarding sexuality, marriage, and human life? (References: HB 199 (2021); HB 74 (2023); HB 275 (2024); SB 169 (2021); SB 100 (2025); HB 37 (2025))

RESPONSE Yes

I support protecting the constitutional rights of individuals, churches, schools, and faith-based organizations to exercise their sincerely held religious beliefs without fear of government penalties or discrimination. Freedom of religion is a foundational principle of our nation and should be respected and protected. Government should not punish individuals or organizations for their sincerely held beliefs regarding matters of faith, family, marriage, or human life.

10 10. Do you support ensuring Delaware law clearly protects free speech, religious expression, and public advocacy - while limiting criminal penalties only to physical violence, threats, or force? (References: HB 272 (2025); SB 300 (2024))

RESPONSE Yes

I support protecting free speech, religious expression, and the right of individuals to peacefully advocate for their beliefs without fear of government retaliation. The First Amendment protections of speech and expression are fundamental to our democracy. Criminal penalties should be reserved for actions involving actual harm, such as physical violence, credible threats, or the use of force - not for lawful speech, debate, or the expression of differing viewpoints.

ADDITIONAL INFORMATION FROM THE CANDIDATE

I am not a politician and do not achieve to be a career politician. I was born and raised in the 41st District and I live just like most of everyone in our community. That's why I am standing up and running. I believe our community deserves a strong voice from a proactive candidate who actually lives, works, and understands the challenges we face every day.

With two decades of experience in Marketing, my career has taught me how to listen, understand different perspectives, solve problems, and bring people together around solutions to deliver the right message to the right people.

I'm not running because I think I have all the answers. I'm running because I know how to ask the right questions, bring people together, and fight for the future of our community. I'm running to work together with my community not just carry their voice.

I don't believe government works best when politicians make decisions for people. I believe it works best when representatives listen to the people, protect their freedoms, and remain accountable to the communities that sent them there.
